Stroke 9

Let's just say for the moment that I said to be quiet
When I know I'll be hoping that my wrongs will be right
Let's just say, let's just say
I'm sorry, let's just be, let's just be
Well, please wait for me

I can't even tell you how much I need to see you, see you again
Please do your part to be kind
'cause you know it's my heart milking my mind
You would leave and I would stay
It's not like me to be this way

Please wait for me
I can't even tell you how much I need to see you, see you again
Just wait for me
I can't even tell you how much I need to see you, see you again
My heart is breaking
My heart is shaking
It's breaking
Please, wait for me
I can't even tell you how much I need to see you again
