

Set You Free

Stroke 9

She starts talkin' to me
I hear her voice, it's like a whisper in my ear
But she ain't saying nothing to me
That makes me want more, makes me want more
Bu it's all that I can do to stay
When she's leaving the floor, leaving the floor
And it's all because of me

I'll set you free
I know how your face looks when you're down
And you won't have me with you, so just rage
And put your faith in this life, set you free

I just want you to live
You can't see the end in the beginning
And I don't know how to explain
That we've been here before, I've been here before
And I've begun to think of you this way
That's why I'm needing it more, needing it more more
And it's all because of me, don't you see?
And it's all because of me

I want you to believe in me, so that I can believe in you
That's all we need to do to get us through this

She stops talking to me
With spiraling eyes that keep on twirling
And that ring does it shine for me
Like you said when I was shaking my rusty tambourine around you
r head
And I'm still needing it more, needing it more
And it's all because of me

'Cause I know how you look
When you're looking me down, looking me down
'Cause I know how you look
When you're looking me down, looking me down
