

# 80's Comedown Machine

The Strokes

[Verse]

It's not the first time  
That I've watched you  
Passing by  
I've tried too hard  
To get back there  
But, you never try  
Anymore

Tried to get in with you  
For a second time  
You said the world closed down  
But, you caught it

Get back inside

[Chorus]

So please  
Run away  
So please  
Run away

[Verse]

I tried to believe in it  
For a second try  
It's there in the safe  
Why don't you  
Close the blinds

For the night?

[Chorus]

So please  
Run away  
So please  
Run away

[Instrumental]

So please  
Run away  
So please  
Run away  
Run away  
So please  
Run away  
Runaway
