

Automatic Stop

The Strokes

So many fish there in the sea
I wanted you, you wanted me
That's just a phase, it's got to pass
I was a train moving too fast

Didn't understand what to see
Yeah, then I got a different view
It's you...no.

Wait, I'm gonna give it a break.
I'm not you friend,
I never was.
I said wait, I'm gonna give it a break.
I'm not your friend,
I never was.

So many fish there in the sea
She wanted him, he wanted me
That's just a phase, it's got to pass
I was a train moving too fast

Yeah, I know you warned me
But this is too important
Now I got a different view
It's you...

Why can't you wait?
I'm gonna give it a break
I'm not you friend,
I never was
I said wait, I'm gonna give it a break
I'm not you friend,
I never was.
