

## Tap Out

The Strokes

[Verse 1]

They found our city under the water  
Gotta get my hands on something new  
You don't want to be without this  
Something isn't adding up

[Hook]

Decide my past  
Define my life  
Don't ask questions  
Cause I don't know why

Someone

Didn't wanna know their name  
Drifting  
You don't wanna know what's going down  
Even though I really like your place  
Somehow we don't have to know each other's name

They found our city under the water  
I began to listen to your eyes  
You don't want to live without it  
Even others, they'd abide

[Hook]

Someone  
Didn't wanna know their name  
Drifting  
You don't wanna know what's going down  
Even though I really like your place  
Somehow we don't have to know each other's name

Someone

I didn't wanna know their name  
Drifting  
You don't wanna know what's going down  
Even though I really like your place  
Somehow we don't have to know each other's name

Decide my past  
Define my life  
Don't ask questions  
Cause I don't know why  
I don't listen  
And I don't speak  
Well, it's a talent  
I don't know why
