

It's Up 2 U

Stryper

Let's join together and make a stand
Let's make a change throughout our land
Renew our bodies, spirits, minds and hearts
It's up 2 U to make a start

Come on everybody
Put your hands up in the air
Just move to the rhythm
Join in people everywhere

There is an answer for these troubled times
Together we can make it right
Renew your body, spirit, mind and heart
It's up to you to make a start

Come on everybody
Put your hands up in the air
Just move to the rhythm
Join in people everywhere
