

## Keep the Fire Burning

Stryper

We've been through a lot together  
We've seen what some will never see, you and me  
Prayer after prayer's been answered  
We can't go on without belief, can't you see?

We just gotta be strong  
Keep the fire burning  
Gotta move on, keep our hearts from turning  
Gotta hold on, onto what you're learning now  
And never let go

Nothing can stop us now  
We're growing stronger every day in every way  
Spreading the word together  
It doesn't matter what they say, no way!

We just gotta be strong  
Keep the fire burning  
Gotta move on, keep our hearts from turning  
Gotta hold on, onto what you're learning now  
And never let go
