

# Mercy Over Blame

Stryper

Love saves the soul  
Hate kills the heart  
Fear robs the goal  
Hope gives a start

Forgiveness is a gift  
Bitterness a chain  
The ugliness we sift  
His beauty still remains

When we all reach Heaven  
There will be no shame  
'Cause when we stand before Him  
He will know each name  
It's all about believing  
He died and took the pain  
When we all reach Heaven  
It's Mercy Over Blame

Faith heals the scars  
That pride has brought upon  
Grace will be ours  
When all we have is gone

When we all reach Heaven  
There will be no shame  
'Cause when we stand before Him  
He will know each name  
It's all about believing  
He died and took the pain  
When we all reach Heaven  
It's Mercy Over Blame

When we all reach Heaven  
There will be no shame  
'Cause when we stand before Him  
He will know each name  
It's all about believing  
He died and took the pain  
When we all reach Heaven  
It's Mercy Over Blame
