

# Sympathy

Stryper

Step inside my carnival, where everything's a ride  
Up and down, it's all around, turning side to side  
I'm the outlaw - I'm the law

My way or the highway - I'm one dimensional  
I broke the mold and tossed the clay, incomprehensible  
I'm the only - A rarity

As hearts degrade, can I find some sympathy?  
As mercy fades, I am blind but I just I want to see

Set in stone and sealed, I seem unbreakable  
In despair, a simple prayer makes change obtainable  
I'm forgiven - I forgive

As hearts degrade, can I find some sympathy?  
As mercy fades, I am blind but I just I want to see

"Hearts Degrading, Mercies Fading" (2x)

As hearts degrade, can I find some sympathy?  
As mercy fades, I am blind but I just I want to see  
(2x)
