

# The Rock That Makes Me Roll

**Stryper**

They say that rock and roll is strong  
But God's the rock that makes us roll  
Don't need no drugs to help us push on  
We've got his power in our souls

Stand up and fight  
For what you believe in  
We know...

He's the rock that makes us roll  
Rockin' all the world  
Giving me the courage to be bold  
Giving me just what I need  
Always guaranteed  
He's the rock that makes me roll - rock'n'roll

You say that rock and roll is strong  
Yes, God's the rock that makes us roll  
Don't need no drugs to help you push on  
You can have His power in your soul
