

You Know What to Do

Stryper

Some people think they're happy, livin' for themselves.
But when they're sad they long for something else.
And you can find the answer in an honest way.
To get you thru the sadness, to start a whole new day.
We've found a life that keeps us happy.
Yes, we have and we'll live eternally.
We'll always have the light to see, and so can you.

Are you feeling lonely?
Are you feeling blue?
Does your life seem empty?
You know what to do.

You say you've got some troubles, yeah, oh so many downs.
You need a light to lift you off the ground.
And if your life feels senseless, just accept the Lord.
And He'll make you see things you never have seen before.
An everlasting life abounding, oh yeah.
Yes, He will and He's always giving more.
And His light will never stop shining, it's for you, yes it is.

Are you feeling lonely?
Are you feeling blue?
Does your life seem empty?
You know what to do.
