Brother

Stuck in the Sound

God I need love
Time off for my tender fall and now
Gotta save a friend soul
You'll fix the broken me bro'

God I need love
Time off for my tender fall
And now
Gotta save a friend soul
You'll fix the broken me bro'

Can't you see this?
I'm a man without tomorrow
She's just a ghost
But I cannot stop myself from loving her
Can you save me?
I'm a man stuck here forever

God I need love
Time off for my tender fall and now
Gotta save a friend soul
You'll fix the broken me bro'
and now you'll broken me
broken me, bro, bro

Can't you see this?
I'm a man without tomorrow
She's just a ghost
But I cannot stop myself from loving her
Can you save me?
I'm a man stuck here forever
She's just a ghost
But I cannot stop myself from loving her
Can you save me?
Can you save me?
Can you save me brother?
Can you save me?
I'm a man without tomorrow
