

Don't Go Henry

Stuck in the Sound

Don't go!
Henry! (4x)

What 's your flavour?
Any kind is ok with me!
And this is the good one
Take that shity song that I wrote for you!

When the lights down
When we blow up
This is the last time
So take that shity band that I offer you!

Henry!
Henry...
I hate Henry

Don't go!
Henry! (4x)

On the pavement
Selling drugs as a paperboy
And caught with the pants down
Handcuffed by the cops that I called for you!
Well this is the end of love
Well this is the end of
Handshakes, kisses,
Your hands tied yo,
Cause you will never,
ever, ever go!

Henry!
Henry...
I hate Henry!

Don't go
Henry! (2x)
What's your flavour?
Don't go henry
What's your flavour?
Don't go!

WHat's your flavour?
Any kind is ok with me
When the lights down
Any kind is ok with me...
