

I Travel The World

Stuck in the Sound

My city is done
Everybody said: don't stop, don't stop!
A city avenger
Everybody said: look for Jeffrey the cop
Well I tried

My Jeffrey is gone
Everybody said: the man is a rubber!
A city avenger
Everybody said: look for Jeffrey the cop
Well I tried

You don't need no explanation,
I travel the world
I travel the ocean
Hang on
You don't need no explanation,
I travel the world
I travel the world alone

Come back you little son of a bitch!

Got my mum on the phone
But the devil said: don't stop, don't stop!
Our desperate adventure
Everybody said: look for Jeffrey the cop
Well I tried

You don't need no explanation,
I travel the world
I travel the ocean
Hang on
You don't need no explanation,
I travel the world
I travel the world alone
