

Tender

Stuck in the Sound

Run away from my home
Leaves overlap all the stones
Keys fall out of my hands
You'll never see me
Never see me again

In love (5x)
In love (5x)

Please believe that I won't
Won't give you a chance
To see me fall
Now I'm losing my head
You'll never see me
Never see me again

In love (5x)

In love (5x)

In love (5x)

Coming over and I hope
You'll never see me
Never see me fall

Broken-heart in the end
You'll never see me
Never see me again
