

Third Eyed Girl

Stuck in the Sound

Something strange inside my head
Something beautiful I won't forget
Innocence lies beside my bed
Third eyed girl I won't forget

Taste
Taste the tongue
And hold my hand
I've been waiting too long

Oh I fall in love, fall in love, fall in love,
You've got to understand
You say no word, say no word, say no word
Oh baby kiss me true
I want to kiss you too
Oh baby love me please
Hot girl you got me on my knees
I wish it never ends
I wish it never ends

Something strange inside my head
Something excited me I won't forget
What have you done
Before you I guess I never loved
Third eyed girl I won't forget

Taste
Taste the tongue
And hold my hand
I've been waiting too long

Oh I fall in love, fall in love, fall in love,
You've got to understand
You say no word, say no word, say no word
Oh baby kiss me true
I want to kiss you too
Oh baby love me please
Hot girl you got me on my knees
I wish it never ends
I wish it never ends
