

## Toy Boy

## Stuck in the Sound

Shake, shake, shake, shake  
You want me now?  
Stripped to the waist  
My body! Right?  
Erotic touch  
You blame me for the day  
When you and my  
Hands were tied

Boy, she's above love, open your eyes  
Well I found out  
She's above love  
And glad to be blind  
When love shines

I know that you don't want me! Right?

Choked on a bone  
Some chinese food  
My body hurts...  
You don't care! Right?  
Ironic touch  
You blame me for the day  
When you and my  
Hands were tied

Boy, she's above love, open your eyes  
Well I found out  
She's above love  
And glad to be blind  
When love shines

I know that you don't want me! Right?  
I know that you don't want a Toy Boy  
I know that you tried  
I know that you tried  
I know that you don't want me now

Do you want a break?  
Please baby talk!  
I will be nice and tender  
Too late she's gone away  
Ironic touch  
You blame me for the day  
When you and my  
Hands were tied

Boy, she's above love, open your eyes  
Well I found out  
She's above love  
And glad to be blind  
When love shines

I know that you don't want me! Right?  
Toy! Toy! Toy! Boy!  
I know that you don't want me! Toy Boy!  
I know that you tried

I know that you tried  
I know that you don't want me! Toy Boy!  
Toy Boy! Toy Boy! Toy Boy!
