

A Lesson In Insensitivity

Stuck Mojo

Hello, this is Sally Smothers
Like me you probably noticed that in America our inner cities
Are filled with people who call a sewer grate home
And some can't remember their last meal
The luxuries most of us have worked our whole lives to obtain
Will most likely never be experienced by these, less fortunate
souls

Howdy folks, John Neighborly here
We in the Mojo family would like you to join in the fight to he
lp these people
Our progressive out-
reach program starts with bringing the want ads section
From local newspapers to the attention of these victims
Then we begin kicking them and screaming
'Get a fucking job you bums! You make me sick! I want to kill
you!'
We feel that our radical techniques have motivated our less for
tunate citizens
As well as provide a much needed tension release for our over t
axed population
