

Consider This

Stutterfly

Don't give in to,
Turn your thoughts away,
From what people say,
It's time to go against.

Go against the flow,
Don't put on a show.

Stand for what's right,
Don't give up the fight,
You will mock me,
One day you'll see.

In the world,
Wrong considered right,
In society,
Don't has become life.

Go against the flow,
Don't put on a show.

Stand for what's right,
Don't give up the fight,
You will mock me,
One day you'll see.

Let's get this party started,
Bring out the alcohol,
Pop in the porno movies,
We're going to have a ball,
Wake up with a hangover,
Don't remember what you've done,
Is this what you consider, consider having fun?

You've got to fight,
And stand for what's right,
You've got to go against the gray,
You've got to,
You're gonna pay,
You've got to go against the gray,
You've got to,
You're gonna pay.
