

# Take It Back

Styles P

Beast Music, D block, yea  
Nigga, you know

I used to keep money in the shoebox  
Knockin if I die, the night from 2 Pac  
Or into the stage from buckshot  
Dream of the Europeans standing at the bus stop  
Headed to a fuck ass stop job  
Never seen a fuck boy I would not rob  
That's why I thank God for the contracts  
Run up with niggas that would push the wig, be your mind back  
Reckless, less wreck, less def  
Nigga just come up off the necklace  
Matter fact, you can keep that  
Get the safe ready, know where you sleep at  
Hit yo man up, did you peep that?  
You don't want me assin with a B fat  
Getting in like a key in the keyhole  
Leave a nigga dead just for a kilo

Take it back, tu ru tu tu  
Take it back, hey yea yea  
Take it back, tu ru tu tu  
Take it back  
Back  
Take it back, tu ru tu tu  
Take it back, hey yea yea  
I loves the music  
I just call it believe in it  
Take it back

I used to move the C and the D rock  
Knockin every day, struggle from BI  
Malcolm, Raekwon and Ghostface, purple tape  
On the crib yo, that means I'm working late  
New 25, IRS with the snitchers  
125th pictures with the fly bitches  
That was the days of the Willy murda  
Now I'm getting any nigga in the city murdered  
European vehicle sippin swerving  
914's the call, 911  
If I said I'm gonna get you 'cause the time gon come  
It ain't Nore or Vado but the Slime gon come  
Oozing out yo eyes and yo ears  
And I ain't gotta brag, I've been getting money for years  
So do you, I'mma do me  
But you could fuck around, I'll break yo neck like Bruce Lee

Fuck what I used to do, tell you what I'm doing now  
All I do is make money and move around  
It's from around, you know the shooter round  
4-5 filled with arrows to put you through the ground  
You makin it rain, you throw loot around  
Your mom got a dress, hope yo pop got a suit around  
Get a candle to circle the whole crew around  
Find a nice little spot to boohoo around  
'90 P, yea just do it now

The gun is greezed, the shoe's so fluid now  
Motherfucker this is beast music  
All these rappers is food, I feast to it

Take it back, tu ru tu tu  
Take it back, hey yea yea  
Take it back, tu ru tu tu  
Take it back

My life ever since  
Start it now, it's gonna have more meaning girl
