

# The Music Sucks

Styles P

The music sucks and that's a genuine truth  
when you're not around I feel that nothing is good  
probably it's a fact and probably it's not  
but when I'm not an asshole I think you love me a lot  
despite my bad character, despite my forked tongue  
you need an explanation and so I write a song  
I told you you're the best one and even you're the one  
so here's the only exception and keep it well in mind because

I DO CONTROL UNTIL I CALL I TRY TO HANG, BUT THEN I FALL  
IF HATE'S A PLACE, I'M GOING TO I NEVER HAD/LOVED SOMEONE LIKE  
YOU

I stand to the fact that you're sick at home  
I stand to the fact that you want to be alone  
I stand to the fact you don't like me saying so  
I can't stand to the fact I don't like music anymore  
I won't lose you or no one would believe I have a brain  
so here comes the romance and here comes the pain  
if you love me sweet darling I won't bound myself in fog  
hey kiss me sweet princess I am not that bad as frog
