I've got a crazy little mama Lord, she's my heart and soul I don't even have to tell ya She knows how to rock and roll

Well this crazy lovin' mama
Makin' everything all right
I don't even have to tell ya
She makes things seem outta sight
All right

Whenever I'm down
And nothings going right at all
I just think about my baby
And all I've got to do is call

When the evening's looking pretty And the day's hanging out too long I know my baby cares about me Right or wrong

It took a long time to find her It took a lot of laughs and tears It took a long time to find her It took me 22 years

I've got a crazy little mama
Said, lord, she's my heart and soul
Yeah yeah yeah yeah yeah
I don't even have to tell ya
She know's how to rock and roll

Well this crazy lovin' mama Makin' everything all right Yeah I don't even have to tell ya

She makes things seem outta sight All right

It took a long time to find her It took a lot of laughs and tears It took a long time to find her It took me 22 years Oh my
