

Gone Gone Gone

Styx

Rise up and seize the day
Blue sky we're on our way
You know it
All systems set to go
This is the big show
Believe it

Feel that pressure
Break through the atmosphere

Then we'll be gone gone gone

Light it up let's get this
Show on the road

Slingshot to outer space
Here comes the human race
We want it
No one has ever flown into
The great unknown
We need it

Feel that pressure
Break through the atmosphere

Then we'll be gone gone gone

Light it up let's get this
Show on the road

Feel that pressure
Break through the atmosphere

Then we'll be gone gone gone

Light it up let's get
This show
Light it up let's
Get this show
Light it up let's get this
Show on the road
