

# I Will Be Your Witness

Styx

I woke up this morning  
Wishing you were here  
Another cup of coffee  
And then you appeared

A crystal vision  
Shining through the rain  
Smiling through my window pane

In the morning traffic  
I turn on the radio  
And the song that's playing  
Is one that we used to know

When we were dancing slowly  
Under the mirror ball  
You were singing to me  
I felt like we had it all

It was our adventure  
I won't let it slip away  
Gonna make it like it was before this day

I will be your witness  
(That much I can do) That much I can do  
(I wanna tell the world) I just want to tell the world  
How much I'm missing you

I will be your witness  
(Don't you know it's true) Don't you know it's true  
(I wanna testify) I just want to testify  
How much I'm loving you

Did you ever notice  
Just what you mean to me  
You're the piece of the puzzle  
That makes my world complete

I need your freedom  
I need your company  
Let me tell you how it's going to be

I will be your witness  
(That much I can do) That much I can do  
(I wanna tell the world) I just want to tell the world  
How much I'm missing you

I'll be your alibi tonight  
I'll make everything all right  
I will be your defense  
When life makes no sense  
Baby you just wait and see  
It's a crazy crazy world

Woke up this morning  
Wishing you were here  
Poured a cup of coffee

And then you appeared

Such a great adventure  
I won't let it slip away  
You know I need you every night and every day

I will be your witness  
(That much I can do) That much I can do  
(I wanna tell the world) I just want to tell the world  
How much I'm missing you

I will be your witness  
(Don't you know it's true) Don't you know it's true  
(I wanna testify) I just want to testify  
How much I'm loving you

I will be your witness (I will be your witness)  
What else can I do (What else can I do)  
I just want to tell the world  
How much I'm loving you
