

Just Be

Styx

1. Did you make your bed?
Did you lose your head?
Are you still awake
From the things we said
2. You close your eyes
But the sleep won't come
'Cause you can't escape
What's said and done
3. Did you draw the line
In the sand again
Did you make a stand
Out on a limb
- R: Don't be so hard on yourself
'Cause you can't change the world
You can't change the world alone
Just be
4. You drink too much
'Cause you think too much
It seems so hard to feel
All this is real
5. You numb your heart
So you feel no pain'
Then you miss the bliss
of the pouring rain.
6. But there's a brand new day
It's a shame to waste
It's yours to live
It's yours to taste
- R: Don't be so... (2x)
