

Midnight Ride

Styx

Gonna get you while you sleep
Give you a dream you can keep
To yourself little mama gonna make you feel better

I'm your mystery man in a gold Lincoln
Ain't no reason to do any second thinkin'
About it child

Midnight ride I'm gonna shake ya
Midnight ride I'm gonna break ya
Midnight ride I'm gonna take you on a
Midnight ride

Meet you little girl back at my hotel
Between you and me we're really gonna give 'em hell

I got something mighty special up my sleeve
All you got to do is just say please

Midnight ride I'm gonna shake ya
Midnight ride I'm gonna break ya
Midnight ride I'm gonna take you on a
Midnight ride
