

# Rock & Roll Feeling

Styx

Well I've got this crazy feeling  
It's a sickness in my soul  
Well I can't play no 9 to 5 games  
Hangin' loose is all I know

I get a buzz when I think about ya  
Riding high's where I belong  
Gonna get my things together  
So if you want come on along

It's a good feeling  
It's a rock and roll feeling  
It's a good feeling  
It's a rock and roll feeling  
Yeah yeah yeah

Well you know that I am coming  
And I'm already on my way  
So baby don't you worry 'bout tomorrow  
You know it seems like a month away

Well we got here just this morning  
And we're goin' at the light of dawn  
Well we've only got a short time  
So mama won't you keep things going strong

It's a good feeling  
It's a rock and roll feeling  
It's a good feeling  
It's a rock and roll feeling  
Yeah yeah yeah  
Yeah yeah yeah

It's a good feeling (good feeling)  
It's a rock and roll feeling  
It's a good feeling (good feeling)  
It's a rock and roll feeling

It's a good feeling (good feeling)  
It's a rock and roll feeling  
It's a good feeling (good feeling)  
It's a rock and roll feeling

It's a good feeling (it's a good good feeling)  
It's a rock and roll feeling  
It's a good feeling....
