## **Rock & Roll Feeling**

Well I've got this crazy feeling It's a sickness in my soul Well I can't play no 9 to 5 games Hangin' loose is all I know

I get a buzz when I think about ya Riding high's where I belong Gonna get my things together So if you want come on along

It's a good feeling
It's a rock and roll feeling
It's a good feeling
It's a rock and roll feeling
Yeah yeah

Well you know that I am coming And I'm already on my way So baby don't you worry 'bout tomorrow You know it seems like a month away

Well we got here just this morning And we're goin' at the light of dawn Well we've only got a short time So mama won't you keep things going strong

It's a good feeling
It's a rock and roll feeling
It's a good feeling
It's a rock and roll feeling
Yeah yeah yeah
Yeah yeah

It's a good feeling (good feeling)
It's a rock and roll feeling
It's a good feeling (good feeling)
It's a rock and roll feeling

It's a good feeling (good feeling)
It's a rock and roll feeling
It's a good feeling (good feeling)
It's a rock and roll feeling

It's a good feeling (it's a good good feeling)
It's a rock and roll feeling
It's a good feeling....
