

Suite Madame Blue

Styx

Time after time
I sit and I wait for your call
I know I'm a fool, but what can I say
Whatever the price I'll pay for you,
Madame Blue

Once long ago
A word from your lips and the world turned around
But somehow you've changed
You're so far away
I long for the past and dream of the days with you,
Madame Blue

Suite Madame Blue, gaze in your looking glass
You're not a child anymore
Suite Madame Blue, the future is all but past

Dressed in your jewels, you made your own rules
You conquered the world and more ..heaven's door

America....America...America...

Red white and blue, gaze in your looking glass
You're not a child anymore
Red, white, and blue, the future is all but past
So lift up your heart, make a new start
And lead us away from here
