## **Suite Madame Blue**

Time after time I sit and I wait for your call I know I'm a fool, but what can I say Whatever the price I'll pay for you, Madame Blue

Once long ago A word from your lips and the world turned around But somehow you've changed You're so far away I long for the past and dream of the days with you, Madame Blue

Suite Madame Blue, gaze in your looking glass You're not a child anymore Suite Madame Blue, the future is all but past

Dressed in your jewels, you made your own rules You conquered the world and more ..heaven's door

America....America...

Red white and blue, gaze in your looking glass You're not a child anymore Red, white, and blue, the future is all but past So lift up your heart, make a new start And lead us away from here
