

# Trouble At the Big Show

Styx

Trouble and anxiety  
Don't lay your hands on me  
I got more important things to do  
Than get all mixed up with you

Today the truth won't set you free  
With broke-down technology  
Getting high but feeling low  
We got trouble at the big show

Pie in the sky  
It's a drag  
But I'm not afraid to die  
Buzzkill  
Can you help me come down  
I'm comin'  
Off this cloud I'm living the dream on

Pie in the sky  
It's a drag  
But I'm not afraid to die  
Bringin' me down  
Can you help me come down  
All the way  
Off this cloud I'm living the dream on

I'm coming  
You want it  
Living the dream on  
Living that dream you are  
Do you know my real name?  
Living the dream on  
I've got it at the big show  
Living the dream on
