

## Misbehave

Subb

I'd rather stay  
Well I'd rather stay this way  
Don't want to change my point of view  
Don't turn away  
Just take a guess today  
I can't support it every day  
I just can't wait  
What you're always hate  
But I'm not trying to misbehave  
I'd rather stay  
I don't want to go away  
I'm feeling so alone by now  
Don't turn away  
And take your chance today  
You know we can't live another day.
