

Ashtray Dirt

Subhumans

Your lungs have got a dirty stain
All you feel is cancer pain
Leaves your fingers a sticky yellow colour
Every one fag is less one hour of your life

Don't be a sucker and mess up your life
Smoking them fags from 9 till 5
You might as well eat the dirty dog-ends
You know your going round the bend
They'll put you away...

I dunno why you smoke them Number 6
A packet of fags is a packet of tricks
I dunno why you smoke them fucking cigars
You're gonna stay helpless the way you are

.....you were but now you're dead with your ashtray dirt
