

It's Gonna Get Worse

Subhumans

I don't like the way I'm living
No one gives me any choice
You don't like the way I'm singing
But all I got is my fucking voice
I can't get a word in edgeways
Surrounded by so many lies
They just treat us like subhumans
We're the people they despise

I'm telling you it's gonna get worse...

Always rising unemployment
Always debates on nuclear war
Do you think that any government
Gives a shit what we stand for?
Sometimes you wonder what to do
When you haven't got no cash
Better start thinking what you'll do
When your country turns to ash

You can blame the fucking Tories
Every government's the same
They don't believe in the public good
Just in their financial gain
Then the bastards throw you out
And take your furniture away
Cos you can't afford the rent
Unemployment doesn't pay
