

Mosquitoes

Subhumans

Swelling on the face and other random places
Poison in the bloodstream
This is not a daydream
Suffering in silence
Bordering on violence
Thoughts about revenge
So bitten by mosquitoes

I hate mosquitoes and they hate me!

Beauty's in the eye of the broken bathroom mirror
The elephant man isn't coming round for dinner
Working on a plan to change the way the wind blows
Cannot understand getting bitten by mosquitoes

I hate mosquitoes and they hate me!

Little helicopters
Buzzing after midnight
Swearing at the ceiling
Praying for the daylight
But there is no god no
Just another psycho
Beating at the windows
Bitten by mosquitoes

I hate mosquitoes (3x)
And they hate me!
