

## Peroxide

Subhumans

Peroxide girl with a false ID  
Lost and lonely she can't see  
Peroxide hair and burnt out eyes  
Blinded by so many lies

Peroxide! Peroxide!  
Because nobody cares?  
What do you do?  
You dye your hair

Her hair was just a boring mess  
She had never known success  
Saw the punks they didn't care  
Walked around with peroxide hair

Now she's out of trouble cos her hair is white  
And the punks all think she's all right  
But she is blind her face is red  
Peroxide soaked into her head
