

## This Is Not An Advert

Subhumans

This is not an advert! (4x)

I notice adverts everywhere  
It's even on the clothes you wear  
And still you smile so unaffected  
Is all this anger misdirected?  
Relate the logo on the t-shirt  
And now you're just a walking advert  
Do you really care who made it?  
Sweatshop workers underpaid

This is not an advert! (4x)

Pre-teen kids who get abused  
For wearing nonspecific shoes  
Anorexic suicidal women on the diet cycle  
Men in cars that just look faster  
As they crawl towards disaster  
All the side effects of being  
Little more than what we're seeing

This is not an advert! (4x)

Trends and slogans  
Cultural tokens  
Of mass consumption  
What's your function?

The epitome of anti-culture  
Designer branding constant future plans for redesigning space  
Every human has its place  
Desire consumes more to be free  
Of addiction born of unmet needs  
Supplied by signs that overfeed  
The cures for the dependency
