

Same Old Situation

Sublime with Rome

If I could just only ask of one more thing I want from you
Well it would go like this
Would you open up and accept me for the way I am to you,
Get a clue
And if you tell me why I love you but you gotta change your ways,
Well I would say any day
'nd my loves afraid that we have crashed and burned there ain't no sign of r
epair,
Tell me this isn't fair

Oh and still I wonder why
We're always buzzing by
And each and every night
You know I come home to you

We're at the same old situation
We're at the same old loss of words
We're at the same old situation, here it goes
Once again
We're at the same old situation
We're at the same old loss of words
We're at the same old situation, here it goes

And there could be, girl I just want to walk with you hand in hand,
Back when I was your man
And you hold me, hold me like the world was promising the men,
Tell me this I can tend
And left me up and you shot me down you took me up the sky,
And now I'm wondering why
Yeah I'm struggling now, how you got me singing like a sing a long
Tell me I'm not assigned, I'm out of mine
And still I wonder why
We're always buzzing by
And each and every night
You know I come home to you.

We're at the same old situation
We're at the same old loss of words
We're at the same old situation, here it goes
Once again
We're at the same old situation
We're at the same old loss of words
We're at the same old situation, here it goes
Once again

And I know, and you know
We would be broken but this is not the end
And we both know that I'm not sure
Nowhere left to go.

We're at the same old situation
We're at the same old loss of words
We're at the same old situation, here it goes
Once again
We're at the same old situation
We're at the same old loss of words
We're at the same old situation, here it goes

Once again

I don't want anymore,
It's the same old situation now,
I don't want anymore
No more.
