Get Ready

Sublime

Alright

Some folks say that smokin' herb is a crime If they catch you smokin' they're bound to drop the dime Insufferable informa crazy fools Wait with their fingers crossed for you to break the rules

And in the evening we try to jam We like the music loud in this here band We let the bass line drop as loud as we can stand Somebody always gotta turn informa for the man

I wanna know, know right now Is there one of you in the crowd? Are you gonna call 911? And spoil all of my fun, you crazy fool

I'm in the mood, get ready
I'm in the mood, come on now, yea
I'm in the mood, are you ready?
I'm in the mood, come on now, yea, come on

Load up the bong, crank up the song Let the informa call 911 Load up the bong, crank up the song Let the informa call 911

And when security police force want to arrive Don't try to run, don't try to hide Just pull out the 9 pop in the clip And let one slip into these crazy fools

I'm in the mood, get ready
I'm in the mood, come on now, yea
I'm in the mood, are you ready?
I'm in the mood, come on now, yea

And in the evening when we try to jam We like the music loud in this here band I wanna know now, I wanna know, know right now Are you willin', are you willin' ill evil? That they're crazy fools

Some folks say that smokin' herb is a crime If they catch you smokin' they're bound to drop the dime Insufferable informa crazy fools Wait with their fingers crossed for you to break the rules
