

## Lou Makes Friends

Sublime

Pass me the lazerbeam  
Make me wipe off and licka them clean  
Pass me the lazerbeam  
Make me wipe off and licka them clean

Bud Gaugh comes with his M-16  
Snow come with the AK to the 47  
Lovin' the lovin' the lovin' the lovin' the dj  
All over a town called LA  
I woke up in the morning  
I was at Ramy's pad  
I looked up and saw Bud going to town  
On a little fine henia that he met the night before  
He knew he was the man  
But he knew she was a whore  
Oh yeah, they comin', they comin', they comin', with a boss dj  
He took the money home and gave it to Sancho  
But that's the way the money goes  
Rise it up and let the talent flow  
Cause give it love time and they said give it away  
We went downtown to a town called LA  
It was half an hour drive about driving from Long Beach  
But still every time I'm feeling so out of reach  
So I went down to club Lingerie  
We took a big bus all the way to LA  
When we stepped out all the people said  
Ay we wanna drinka, drinka, drinka  
Said uppa get get up on the dance floor  
And lovin', lovin', make the music lovin' me  
Take all the love and make it walk over me  
When we got home end of the night i was sick  
15 minutes later she was up up on the dick  
I said lord, lord, lord make the lovin' give away  
I don't have protection so I'll just make my mistake  
But blue balls always take all your love away  
You love and you love and you love but you one can't say

And this is how it happened to me  
Went down to the clinic, positive HIV  
HIV was never no friend to me  
I love, I love, I leave, I leave it anyway  
But oh god please I'll protect after this  
Never want no music make me feel God blessed

Said I Love, I love, I love, I love, I love  
I love, I love, I love, I love, I love  
One DJ causing trouble  
Take your love away from me
