

## Real Situation

Sublime

Check out the real situation  
Nation war against nation  
Where does it all begin now, whooah  
Where is it going to end  
But it seems like total destruction only solution, yeah  
Aint no use, no one can stop us now  
Aint no use, no one can stop us now  
Aint got no right to take us lord  
Aint got no right to take us lord  
First the money, then the smile  
Everything is for a while  
But it seems like total destruction only solution, yeah  
Aint no use, no one can stop us now  
Aint no use, no one can stop us now
