## We're Only Gonna Die for Our Arrogance

## **Sublime**

Early man walked away
As modern man took control
There mind's weren't all the same
(And) To conquer was their goal
So he built his great empire
And he slaughtered his own kind
(And) He died a confused man
(He) Killed himself in his own mind

## Let's Go!

Were only gonna die from our own arrogance That's why we might as well take our time.
