

Broken Man

Submersed

It's Always Happens for a reason
Over and Over
We're Trying to heal ourselves
All the shame and tears
We'' chase away
And oh these times are going to change
I'll change

Cause what i am Is a Broken Man
And I don't Know What I'm Fighting for
All I See Is Beyond My Reach
I've got one chance left To Make It Through

It Always changes with the seasons
I Living Lesson
And A Soul to Tell
The paths We Walk Are All Uneven
And oh these times are going to change
I'll change

Cause what i am Is a Broken Man
And I don't Know What I'm Fighting for
All I See Is Beyond My Reach
I've got one chance left To Make It Through

I'm Tired of Waiting Tired of wasting my time
I'm Tired of feeling I'm Tired of feeling
My time's lied
I'm Tired of Waiting Tired of wasting my time
