

Mayday

Subseven

The secret codes - that we impose on ourselves -
When we know we're wrong - from wrong to right -
From day to night - I've seen all that I care to see and more

He's waiting - He's waiting for you -
Lost again - my dearest friend -
Looks like you're - lost again -
My dearest friend -

Mayday [mayday] -
Mayday [mayday]

I'm calling on You - I need You here tonight -

You're lost again - my dearest friend
I hope you find your way back home -

May flights of angels - slowly guide you -
Slowly guide you home -

He's waiting - He's waiting for you -
Lost again - my dearest friend -
Looks like you're - lost again -
My dearest friend -

Mayday [mayday] -
Mayday [mayday] -

I'm calling on You - I need You here tonight
