

## Protection

### Suburban Lawns

Look farther, see beyond your first step  
Is it what you expected?  
There's a bad boy in the parking lot  
And he's waiting for you  
I've got pieces of paper for protection  
Got a house built out of cards  
Check out my reference list  
Clout! That's what I'm talkin' about

Nobodies, you're famous  
You want your name next to mine  
Come along Buster, Rover  
Sporting suits and ties  
And makin' out and makin' out  
And makin' out and makin' out

Someone will solicit you today  
Eerie sounds come from the parking lot
