

Powerful Game

Suburban Legends

It's not so easy
To be this cheesy
When it comes to getting down
I'm super sleazy
Ladies come and ladies go
My game is tight
But you don't hear me no
You better watch out
You might get what you expect
It's just a powerful game
You cannot see my face when I'm walking away
You think I'm powerful
Yeah, I'm irresistible
But you ought to know that you're my girl
Look at your eyes
They're gold
And I know you want to be my beautiful centerfold
I can see that you are so influenced by me
You wanna stand beside me
And put your arms around me
you better watch out...
'cause its more powerful than i'm letting on.. so lets
Get it on now... just put your hands in my pants and
Lets go to town
Sara likes to go for coffee
Jessica likes breakfast in bed
I never pay when we go shopping
At dinner the check is hers instead
If you can't see that you want me
There must be something wrong with your personality
You're everything that I adore
And all the little girls love me
