Suede

Back where the dogs bark  
where still life bleeds the concrete white  
try not to go too far inside your mind  
back where the cars decide  
where the lame star limps an endless mile  
have I gone too far inside my mind?

oh if you were the one would I even notice now my mind has gone  
?

oh if you were the one, would I even notice?

Back where the car was parked  
Where the canine in the A-line stole your time  
you can only go so far for womankind

oh if you were the one, would I even notice now that he has come?  
e?

oh, if you were the one, would I even notice?

Does your love only come, does your love only come, does he only  
come in a Volvo?
