

## Moving

Suede

shame on me well I had the beast you see  
and if he can take it I can take him home with me  
shame on her she's a lovely little number  
and when we go lassoing you get lassoed, all of you  
If you can take it, I can take it

And we're moving, so moving, so we are a boy, we are a girl  
so moving, so moving...

shame on the girl, she's got a big black dog in her  
and while tough kids sing about tough kids she just skins the world  
we'll never never play the harp, and we'll stick like sick on the stars  
and if you can take it I can take these stones from my heart  
if you can take it, I can take it

and we're moving, so moving, so we are a boy we are a girl  
so moving, so moving....

If you can take it, I can take it, all of me  
If you can take it, I can take it all  
If you can take it, I can take it, all of me  
If you can take it, I can take it all!
