

## Devoid of Truth

### Suffocation

Your life has been planned since the day you were born  
Affliction undefinable, condemned to suffer with the norm  
Burden of despair - Traits of self denial  
Raised and misled by life's light  
I refuse let shine for me

Corrupted misconceptions of how life should really be  
Shadowing existence in your plagued reality  
Feeding off the error of the ones your emulate  
Defection to deception and to mentally incarcerate  
Devoid of truth

Monarch of deceit and lies  
Plagiarism overrides  
Devoid of truth

Captive through what's carved in stone  
Bleeding is the moral throne  
Beckoned to false entity  
Betrayed by eternity  
Devoid of truth

Writhing in the treachery  
Face down in your misery  
I feel not a thing.
