

# The Warmth Within the Dark

## Suffocation

Embrace the darkest of your fears  
And seek the warmth within the dark  
The fear and pain you live with  
Will keep you from transcending

Everything you were taught  
To believe in this life, was a lie  
It's all to keep you from knowing  
The terrifying truth is that  
This life is only the passage to death  
Perception of life - holographic deception  
Illusions unknown to all mankind

Reborn to live out these insufferable lives  
Damned to the cycle of enslavement  
The only way to pass through  
Is to take your own life  
And receive the gifts from the gods

You choke  
Cannot swallow  
The truth has made you vomit  
You now know  
Your vessel is hollow  
And you're left to weep and wallow  
Gagged by the truth  
Gasping for air that's not there  
Frantically reaching for hope within  
Deception, your perception  
Is the center of all reflection

You choke  
Cannot swallow  
The truth has made you vomit  
You now know  
Your vessel is hollow  
And you're left to weep and wallow  
Gagged by the truth  
Gasping for air that's not there  
Frantically reaching for hope within  
Deception, your perception  
Is the center of all reflection

To go beyond what's real  
To question your existence  
This is how you'll find  
The answers you seek

Your fear is where it thrives  
It breeds within its lies  
It feeds on lives in pain  
Consuming souls forever binding the weak

The only way to be truly free  
And break the chain of slavery  
Is to embrace and go beyond  
Beyond the warmth within the dark

Is what we were taught to fear and shun  
The thought that there's a chance  
To understand the cycle can be broken  
But you must take your life
